SUMMARY

Computer Science graduate (CGPA 9.66/10) with a strong foundation in Core Java, OOP, and SDLC/Agile practices, currently deepening expertise toward full-stack Java development. Delivered 3+ live, production web applications end-to-end — from database design to deployment — building practical software engineering experience.

TECHNICAL SKILLS

Languages: Java (Core Java), JavaScript, PHP, SQL

Database: MySQL (Queries, Views, Stored Procedures)

Cloud & Tools: AWS (EC2, S3, IAM), Git, GitHub, Postman, Linux

Practices: OOP, SDLC, Agile Methodology, REST APIs

EXPERIENCE

Software Developer Intern — Indian Internet Solutions Pvt. Ltd.

Jan 2026 – Jun 2026

- Delivered 3+ client-facing business websites end-to-end (frontend, backend, database, deployment) using HTML5, CSS3, JavaScript, PHP, and MySQL on XAMPP-hosted environments
- Built reusable PHP/MySQL backend modules, including PDO-based queries and stored procedures, to support authentication and data-driven features across multiple client projects

WEB DEVELOPMENT PROJECTS (INTERNSHIP STACK)

English Rhymes — Interactive Learning Platform [Live: englishrhymes.in](https://englishrhymes.in)

- Full-stack children's learning platform (HTML5, CSS3, JavaScript, PHP, MySQL) with dynamic quizzes, memory games, TTS, and a canvas drawing tool

FG Label Management System

- Role-based traceability system (PHP, PDO, MySQL stored procedures) tracking finished goods from label generation through dispatch

Sanjay Technoplast — Corporate Website [Live: sanjaygroup.in](https://sanjaygroup.in)

- Responsive corporate website delivered end-to-end — UI development, form integration, and deployment

KEY PROJECTS

FutureTrack — AI-Powered Placement Portal

- Built an AI-driven recruitment platform automating resume screening and job matching, reducing manual shortlisting effort for placement staff and improving candidate-job fit through personalized recommendation logic

API Uptime Monitor

- Built a Java (Spring Boot) backend that schedules periodic health checks on registered URLs, logging response time and uptime status via a REST API

EDUCATION

B.Tech, Computer Science and Engineering — Maharashtra Institute of Technology

2022 – 2026

CGPA: 9.66 / 10.0

CERTIFICATIONS

- Oracle Academy — Database Foundations | Microsoft & LinkedIn — Generative AI for Developers
